Dear Sir:

Supplementing the IDS at filing, pursuant to 37 CFR 1.56, 1.97 and 1.98, the Applicant, through its representatives and attorneys, hereby brings to the attention of the Patent and Trademark Office to the translations of the four references listed on the attached PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue there from. This submission is timely in that it is made prior to a first action on the merits.

The documents cited here were cited in an Action dated May 8, 2007 in connection with the corresponding Japanese application. Each was previously cited in the ISR and presented in the IDS at filing. In view of their citation in the corresponding Japanese application, translations are now provided for the convenience of the examiner. A copy of the Japanese Action is also enclosed, although a translation is not readily available.

This will thus also certify that each item of information in Japanese contained in this information disclosure statement was noted in a communication from a foreign patent office in connection with a corresponding foreign application, as noted above. Translations were later provided for the convenience of the U.S. examiner.

Their relevance may be gleaned from the English language translation and from their citation in the ISR at filing.

The Director is hereby authorized to charge if any deficiency in the fees filed to our Deposit Account No. 18-0013, under Order No. SON-3140.
